

# ACOUSTIC WOOD CN OFFICE BUILDING EDITION

eomac wall & ceiling panels by LAMBRI

## ABOUT CN OFFICE BUILDING

CN is a transportation company that offers integrated transportation services including rail and intermodal. CN rail warehouse in Brampton, Canada has been transformed into a two-storey office space for approximately 300 CN employees. **eomac** supplied PLANK™ wood veneered acoustic ceiling panels throughout the building. This feature ceiling not only provides the functional purpose of acoustic absorption, it also adds warmth and elegance to the interior.

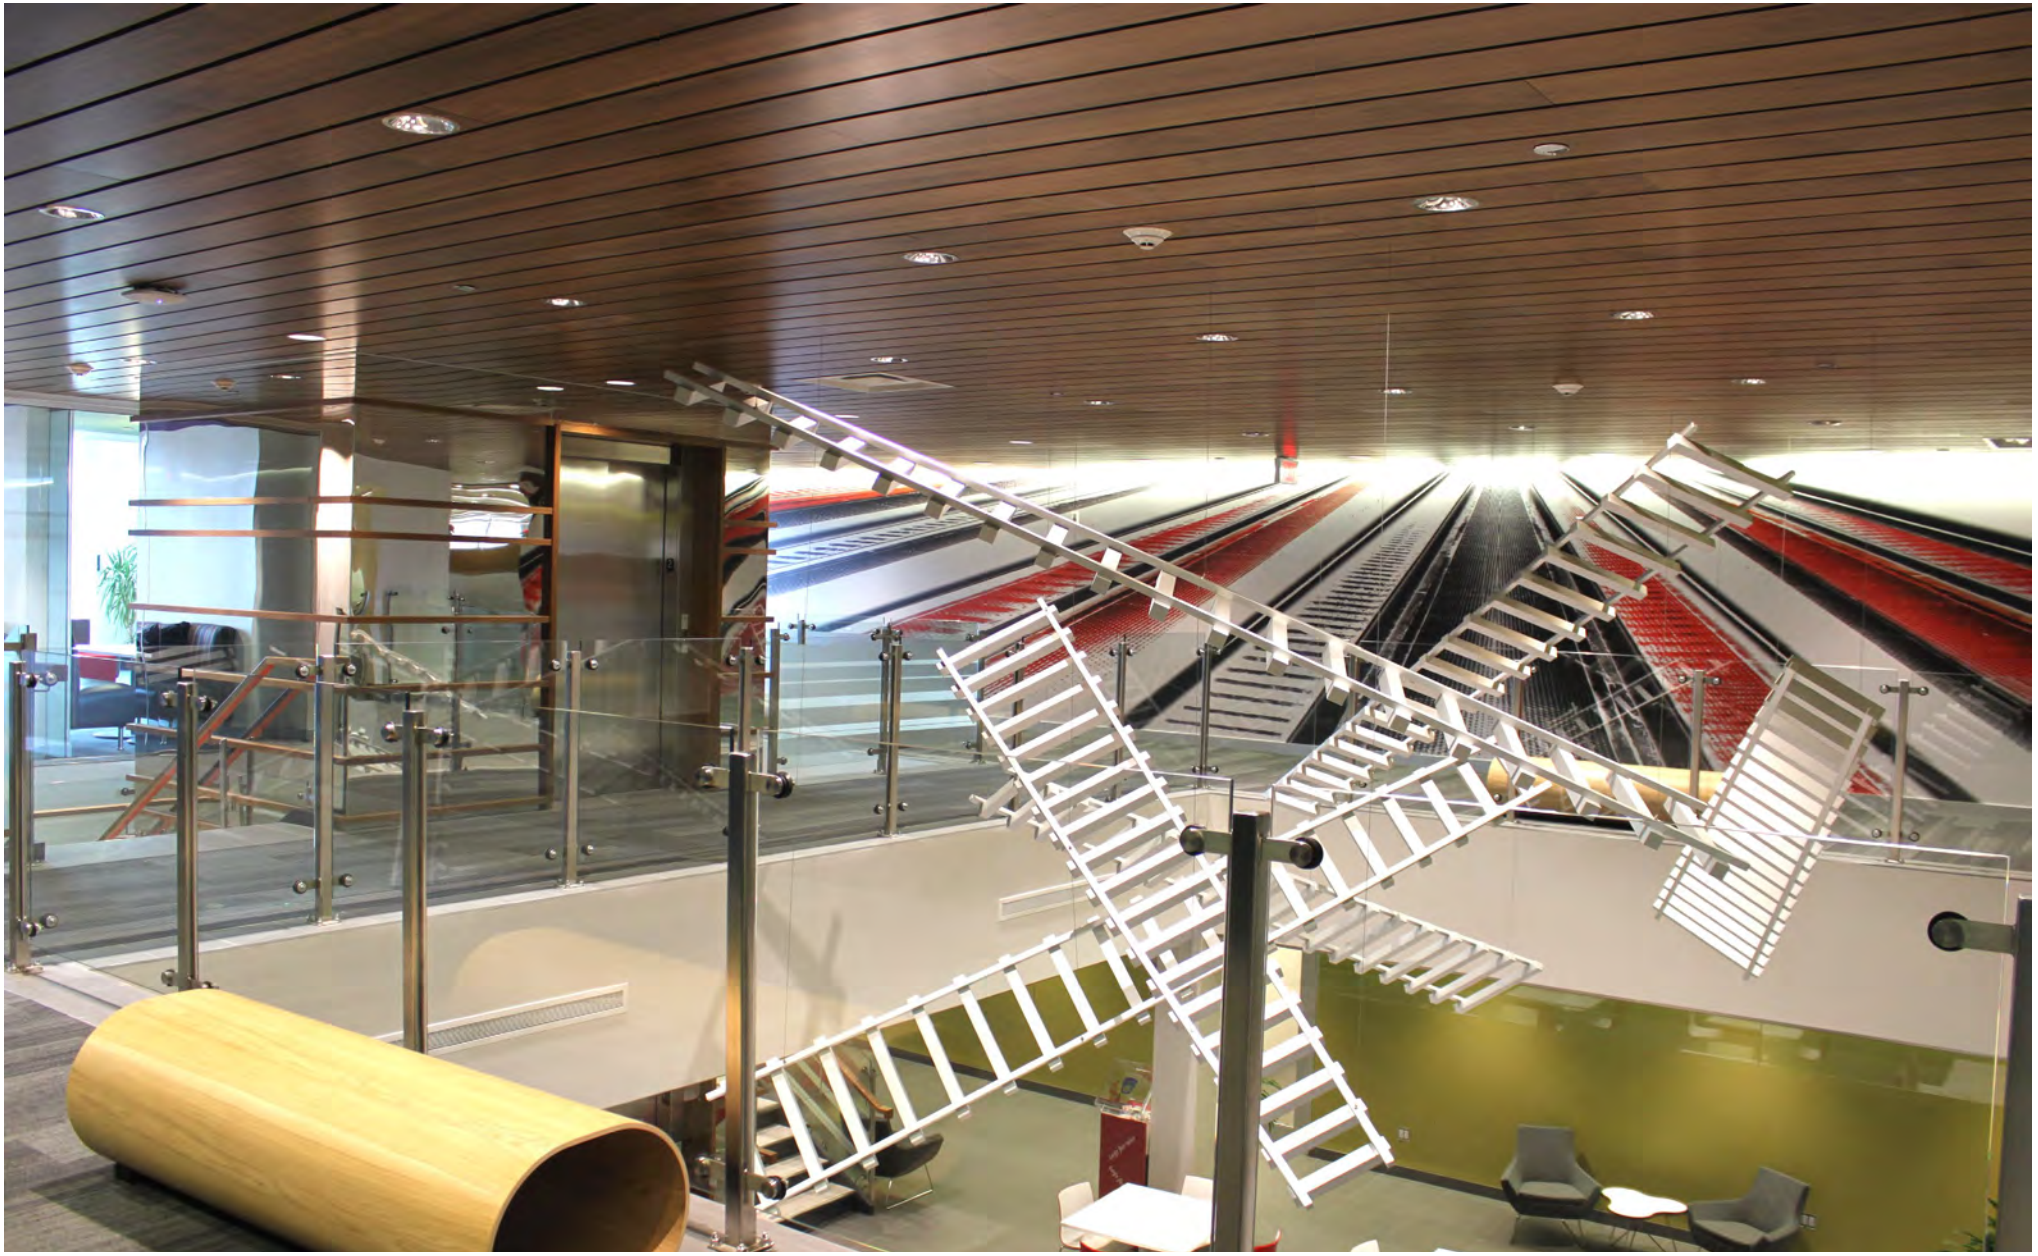

*Interior Designers: Straticom*

*PLANK™ Installation: Ashgrove Interiors*
